

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

IN ADDITION, I JUST RECEIVED A TAX ASSESSMENT ON MY CONDO THAT WAS 41,000 DOLLARS HIGHER THAN LAST YEARS. MY CONDO IS A SMALL TWO BEDROOM, LESS THAN 1000 SQUARE FEET. WHEN I BOUGHT IT FIVE YEARS AGO IT WAS ASSESSED AT 150,000 THOUSAND. TODAY THE ASSESSMENT IS 271,000. IN ADDITION THERE IS TALK OF OUR PROPERTY TAX REBATE BEING LOWERED. I AM A SENIOR ON A FIXED INCOME.

CAN YOU UNDERSTAND WHY EACH NEW TAX IS A BURDEN?

THANK YOU FOR READING MY MESSAGE.

Sincerely,

Marilyn Davis
